**AERODROMES UPDATE**  
(Updated 22 February 2019)

Aerodrome	Current Status
Old Sarum	Site owner's planning application for housing development and 10 additional hangars amongst other work, objected to by various parties as being detrimental to the site's heritage and potentially limiting use of the aerodrome. Appeal made by owner to the Planning Inspectorate for non-determination of the application by Wiltshire Council with public inquiry hearings held in October 2018 with further hearings held in February 2019. The Council rejected the planning application after the appeal was made.
Panshanger	Welwyn Hatfield Borough Council definitive Local Plan provides for a realigned grass runway to the north of previous runway 11/29. Definitive Local Plan subject to Public Examination with specific hearings on the aerodrome taking place on 20 February and 27 June 2018. An outline planning application to re-open the aerodrome has been submitted and another party has submitted two separate applications to establish a replacement aerodrome at either Hatfield or Cromer Hyde.
Peterborough / Sibson	Huntingdonshire District Council submitted an unsuccessful bid for a 2,500 home Garden Village on site. The Council subsequently withdrew their support for the proposal but the site is still listed in the Council's Housing and Economic Land Availability Assessment.
Plymouth	FlyPlymouth, a local social enterprise aerodrome support group, plans to reopen the aerodrome and start regional airline services. Sutton Harbour Holdings, the site lease holder, have proposed a mixed use development although the definitive Plymouth City / South-West Devon Joint Local Plan retains the site for aviation. The definitive Joint Local Plan was submitted for Public Examination on 31 July 2017 with specific hearings on the aerodrome conducted in February 2018.
Redhill	Tandridge District Council public consultation on four potential Garden Village sites including Redhill ended on 9 October 2017. The definitive 2033 Local Plan submitted for Public Examination on 18 January 2019 has ruled out the site for a Garden Village and allocated it protected status as an Important Employment Site. The current draft Tandridge Local Plan earmarks the aerodrome for employment purposes and notes that the site is within the Green Belt with a high risk of surface water flooding. Part of the site is within the boundary of Reigate and Banstead Borough Council whose Local Plan proposal to safeguard the site for housing has been rejected by the Planning Inspector examining the plan.
Retford (Gamston)	Earmarked for a Garden Village with ultimately 2,500 dwellings in initial draft 2035 Strategic Plan issued for public consultation ending on 10 March 2019 by Bassetlaw District Council.
Wellesbourne Mountford	Gladman Developments in conjunction with the site owner have proposed a development of 1,600 homes on the site although the Stratford-on-Avon District Council Local Plan adopted Core Strategy has earmarked Long Marston aerodrome (see page 1) as a preferred housing development site. A Core Strategy stated policy is to "Retain and support the enhancement of the established flying functions and aviation related facilities at Wellesbourne Airfield". Tenants notified by owner that flying activities would cease in December 2016 but action deferred pending tenant's legal action to obtain new leases. The Court judgement handed down on 25 June 2018 ruled against the tenants who have appealed the decision with an appeal hearing held on 17 January 2019. The Council have formally rescinded the owner's permitted development rights to prevent building demolition work and have initiated proceedings to negotiate an agreed purchase of the site or, failing that, to acquire the site by a CPO for which purpose £1.125 million has been set aside in the Council's 2019 / 2020 budget.
Wycombe Air Park	Site lease holder (Helicopter Aircraft Holdings Ltd) has agreed new leases with the land owner, Wycombe District Council. Definitive Local Plan submitted for Public Examination provides for an industrial / warehousing complex on south-eastern part of the site resulting in loss of a runway and relocation of gliding activities. Public Examination hearings started on 16 July 2018 and ended on 26 September 2018.

NOTE:

Aerodromes removed from previous list – Aylesbury / Thame (Haddenham) now closed for adjoining development and Kemble (Cotswold Airport) where the adopted Local Plan has endorsed continued aviation use of the site.
