Halfpenny Green (Wolverhampton Business Airport)	MCR Property Group, the site owner, has apparently put the aerodrome up for private sale at an asking price of £7.5 million. Aerodrome	Current Status
North Denes (Yarmouth Heliport)	The aerodrome with two grass runways is for sale having been disused since 2015 on the cessation of North Sea helicopter operations.
Nottingham City (Tollerton)	With the support of the land owner, site earmarked for up to 4,000 homes in Local Plan adopted by Rushcliffe Borough Council on 8 October 2019.
Old Sarum	Site owner's planning application for housing development and 10 additional hangars refused on appeal in a Planning Inspectorate decision letter dated 11 July 2019. The owner applied for a Judicial Review of this decision with the application being initially refused by the High Court but with hearings subsequently taking place in early May 2020. Aerodrome notified as closed without express approval to all movements requiring a licensed or certified aerodrome and ATZ withdrawn until 21 July 2020. Multi-year agreement reached with effect from 1 February 2020 for site to be used as a parachute centre and aerodrome notified accordingly.
Panshanger	Homes England has bought the aerodrome site from Mariposa Investments. A public consultation by Welwyn Hatfield Borough Council ended on 1 May 2020 into providing additional housing sites for the Local Plan which schemes preclude a realigned grass runway to the north of previous runway 11/29 proposed in the current draft Local Plan. An outline planning application to re-open the aerodrome has been submitted.
Peterborough / Sibson	Huntingdonshire District Council submitted an unsuccessful bid for a 2,500 home Garden Village on site. The Council subsequently withdrew their support for the proposal but the site is still listed in the Council's Housing and Economic Land Availability Assessment.
Plymouth	FlyPlymouth, a local social enterprise aerodrome support group, plans to reopen the aerodrome and start regional airline services. Sutton Harbour Group, the site lease holder, have proposed a mixed-use development although the adopted Plymouth City / South-West Devon Joint Local Plan retains the site for aviation use at least until the first 5-year review of the adopted Plan.

The definitive 2033 Local Plan submitted for Public Examination on 18 January 2019 with hearings ending on 28 November 2019 has ruled out the site for a Garden Village and allocated it protected status as an Important Employment Site. The current draft Tandridge Local Plan earmarks the aerodrome for employment purposes and notes that the site is within the Green Belt with a high risk of surface water flooding. Part of the site is within the boundary of Reigate and Banstead Borough Council whose Local Plan proposal to safeguard the site for housing has been rejected by the Planning Inspector examining the plan.

The Council have rescinded the owner's permitted development rights and have initiated negotiations for an agreed purchase of the site whilst also taking CPO action to acquire the site. £1.125 million has been set aside in the Council's 2019 / 2020 budget to fund the CPO action. Under a MoU dated 30 August 2019 between the Council and the site owners, the CPO action has been suspended for up to a year to allow the owners to propose limited development of the site whilst retaining the aviation facilities with some of the tenants being offered continued occupancy of the site to cover the period of the MoU.
Wycombe Air Park	Site lease holder (Helicopter Aircraft Holdings Ltd) has agreed new leases with the land owner, Wycombe District Council (now assimilated into the new Buckinghamshire Council). The Council's adopted 2033 Local Plan provides for an industrial / warehousing complex on south-western part of the site requiring shortening of runway 35 and relocation of gliding activities to the north, for which changes a public consultation has been held.
